

DIDSBURY PIONEER

Vol. XX

WEDNESDAY, OCTOBER 24th, 1923.

No. 42

Vote The Full Ticket

VOTE THE FULL TICKET

In another column will be found a large advertisement inserted by the Alberta Government calling the attention of the public to the liquor referendum to be taken all over Alberta on Monday, November 5th.

While the preferential ballot is new to a great many people in the province of Alberta, and is the first preferential ballot to be used in provincial affairs, some of the cities of the province have been using it for some years in their municipal elections, consequently there is not much likelihood of another ballot in these cities but outside throughout the province there is a great possibility that ballots will be spoiled, and the will of the voters nullified for made of no effect if the new method of voting is not thoroughly understood.

In the first place the voter must not mark his ballot with the initials of any X used on the ordinary ballot. His or her mark must be the figure one (1), two (2), three (3) or four (4) in relation as they wish their selection to be counted. If your ballot is marked in any other way it will be counted as a spoiled ballot and will not be of any use.

A voter can plump his vote for any one choice if they so wish, that is they can make the figure one (1) opposite the choice they wish to carry and leave the other choices blank and it will be counted, but if many do this it will not give the legislators or the voter a fair chance for these reasons:

The government in making this a preferential ballot are sincerely trying to find out the will of the people and if many plump votes are given for any one choice without marking the full ticket this cannot be done because they will not know which other choices are the peoples second, third or fourth choice if the voters first choice does not secure enough of a majority to carry.

The voter who plumps for one choice may lose their vote because their first choice (plump vote) will not have enough others to make that vote effective, consequently he loses out. He still has three other choices. If he votes the full ticket and should mark his preference accordingly, if his first choice should not carry his second, third or fourth might, thereby giving an expression for his preference of the choices which come nearest to his first choice on the ballot.

So mark your full ballot on November 5th according to your preference no matter who tries to get you to plump your vote as only by this means can the will of the people be ascertained.

Two Successful Annual Meetings

Two successful meetings were held in the C. P. R. waiting room on Monday night of the Didsbury Rinks 110, and the Didsbury Curling Club. The Rinks 110 meeting was called at 8:30 and general business transacted at 9:00. The financial report showed that they had a deficit of about \$20 from last years operations but this was accounted for by the fact that there had been \$250 in improvements put on last year's affairs. There were all re-elected, though owing to the heavy work of the Secretary, Treasurer's duties this office was split. Officers are as follows: W. G. Lisenner, President; E. E. Freeman, Secretary; J. V. Berscht, Treasurer.

The main discussion of this meeting was to the setting of the rent to the Curling Club. After much discussion it was finally decided that

Wheat Pool In Operation

All arrangements are now completed for the operation of the voluntary wheat pool which will commence receiving grain on Monday next, Oct. 24th.

The cash advance to farmers will be 75 cents, Fort William, the financial being done on a line of credit of \$150,000 from the banks.

The C. P. R. and Alberta Pacific stations will accept pool grain. Dates received date through, excepting agreement about other elevators. The late M. Elliott of Calgary, has been appointed manager, and David L. Smith, sales agent at Winnipeg for the pool.

This is the essence of the statement given out by the Board appointed for the purpose of forming a voluntary wheat pool. It is to be known that this pool will essentially save the average grower of the farmer, in the 30 days of high costs, to receive all that is coming to him. The statement of the contracts, however, should not be an overstatement and support the pool in such a firm position in the future as now. Those will be able to do so, it is to be known that they will be struck to their approval that it has been if it does not run out quite as they expected. The farmers of Alberta have had the way and next year in all probabilities both Saskatchewan and Manitoba will have made opening and then the three pools can join together and eventually receive a premium on western grown grain, which is admirably the best in the world for milling purposes.

they would have to charge the same as last year, three hundred dollars.

Curling Club Meeting

The Didsbury Curling Club meeting was held to order with an attendance of about twenty-five.

The financial report of the last year was read, showing a slight balance in the bank but a few bills outstanding so that the Club is in fair shape. Mr. E. E. Freeman was re-elected President and was moved a vote of appreciation for the capable manner in which he has handled this office during the last two rather hard years. Mr. A. C. Fisher was re-elected Secretary, Treasurer, Mr. A. G. Stender, Patron, and Rev. J. R. Bender, Chaplain.

A long discussion ensued as to raising of the rates from \$8 to \$9, and after going carefully over the matter it was decided that a \$9 rate would have to be set to cover expenses connected with other Clubs. It seems that this is the lowest rate prevalent and is very much lower than the majority of towns along the line. Olds is \$12, Innisfail \$15 and Red Deer \$18. One member stated that further south the rates this last year had varied from \$10 to \$25 and he had been greatly surprised to know that we had only been charging at \$8 rate, so that we still have it seems, a rate which we should no longer and which figures out ahead enough considering it is a whole winter's sport.

Several other matters came up for discussion, the players for the Macdonald Trophy this year, in addition with the Royal Exhibition Society. Ladies curling and other visitors and visiting games, etc. but more mostly following till the next meeting for the election of ships and choosing of risks.

Stations members agreed in right after the meeting and any one desiring to play this year should get in touch with E. E. Freeman or Dr. Clarke and get signed up immediately as the next meeting will organize for the first schedule.

This promises to be one of the best seasons the Club has had and any one taking any interest in the game is urged to sign up immediately as the payable by December 31st.

Revolutionary Movement In Bulgaria Considered To Be Nearing An End

Sofia.—A semi-official statement says the revolutionary movement in Bulgaria can be considered as approaching its end. The insurgents are deserting their leaders and are rendering in parties, saying they were lured into the movement against their will, the statement adds.

The decisive battle in the Communist uprising is being fought in the city of Ferdinand and the village of Berkovitsa, which are ten miles apart, and half-way from Sofia to the Danube, according to a statement issued by the war office.

Fifty thousand Communist and agrarian allies are believed there, after having proclaimed a soviet republic and established complete control over the area. Four thousand soldiers aided by civilian volunteers, have been carrying on an arduous operation during the past five days and have now driven their lines completely around Ferdinand and Berkovitsa.

Three Quebec Aviators Killed

Hydro-Airplane Crashes From Height Of 2500 Feet

Quebec.—A tragic crash occurred about two miles from the city when a hydro-airplane, owned by a resident of Air Board to the Provincial Government for surveying and forest protection, crashed from a height of 2500 feet into Lake St. John, killing the three occupants.

The dead are: Bernard De Salaberry, aged 29, pilot, Ottawa; Alphonse Landry, 29, observer, Kamouraska; Emile De Gules, surveyor, Chateaufort.

The tragedy was witnessed by a number of people. Just how it happened has not yet been established, but the spectators were located to see the plane rise.

When rescuers arrived on the scene they found the plane fifteen feet in the water.

The Tax On Grain

Saskatchewan Protest May Be Before The Courts

Winnipeg.—In reply to Saskatchewan's complaint to the Federal Government against the imposition of a tax on grain future trading on the local grain exchanges, Hon. R. W. Craig, Attorney General, will urge the Dominion authorities to submit the matter to the courts for a ruling on the validity of the legislation. The Government of Saskatchewan claims the Manitoba Government has no power to collect taxes on the produce of Saskatchewan.

Campaign of "Dry" Candidates
New York.—A campaign for candidates who are for prohibition enforcement regardless of their party affiliations will be made next spring by the Women's National Committee for Law Enforcement, it is announced.

Guard Against Bandits
Mennon Settlement.—To protect themselves against bandits, stores and elevators are employing their sales of cash.

More Unemployed In Britain
London.—The number of unemployed persons in Great Britain has increased by 4,000 in the last week.

Canada's Bright Future

Lord Birkenhead Thinks Population Will Increase by Five Million in Next Ten Years

Winnipeg.—I cannot discover any well-informed student of sociology in the Dominion of Canada who does not believe that the next ten years will see an increase in your population of five millions," said Lord Birkenhead, former Lord Chancellor of Great Britain, in the course of an address before the Canadian Club here.

Lord Birkenhead stated that after a careful study of Canada's progress and resources and intensely interesting observations during his present trip, and another trip made a decade ago, he felt that one must be blind and unimagination who would remain undisturbed at the conclusions thus forced upon him of Canada's possibilities.

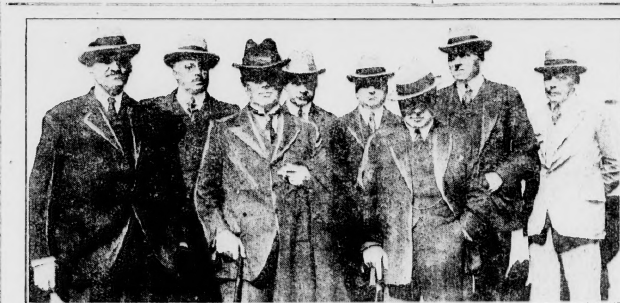

After giving a concise summary of Great Britain's present position for growth, the speaker pointed out that in spite of two predictions that the world's financial center had passed from London to New York, it still remained, and had led to continue in the future to remain in London. He recommended free reciprocal trade within the British Empire.

End Stomach Misery, Gas Or Indigestion

"Pain's Diaper" is the quickest, surest relief for indigestion, gas, flatulency, heartburn, sourness, or stomach distress caused by acidity. A few tablets give almost instantaneous stomach relief. Correct your stomach and digestion now for a few cents. Brought relief millions of packages of Pain's Diaper.

Bulgaria Will Increase Army
Sofia.—The official government, through the commission of military control created by the Neaville treaty have authorized the Bulgarian Government to increase the military forces of the country to such strength as is deemed necessary to cope with the situation in the future.

Charter Space for Grain
Fort William.—Space for 30,000 bushels of grain in Canadian and United States customs, has already been chartered from these ports, according to postings with the board of grain commissioners.

For the first time in history of Canadian Pacific Railway, a meeting of the Board of Directors was held in the West recently. They were photographed in Winnipeg after the meeting and are, left to right, Grant Heath, Vice-President, F. W. Muldon, Sir Herbert Holt, Ernest Alexander, Secretary, S. W. Tilly, K.C., E. W. Beatty, President, J. K. L. Hess, and Sir Augustus Nanton.

Foretells Vancouver's Future

May Be Biggest Port in Canada Says President Beatty

Vancouver.—Two large steamships will be added immediately to the coast fleet of the Canadian Pacific Railway, at a cost of several million dollars, the company will complete the B.C. on Burrard Inlet, E. W. Beatty, K.C., President of the Canadian Pacific Railway, addressing the British Columbia members of the Vancouver Board of Trade, here, announced the decision to extend the company's services in this port. "I feel that Vancouver is destined to be the largest port on the Pacific coast, it is the largest Canadian port on any coast," he declared.

WESTERN EDITORS

George Gordon, Editor and Proprietor of The Herald, Poncha, Alberta.

Many British Harvesters Will Remain

Statement Made that Ninety Per Cent. Will Stay in Canada

Montreal.—That 90 per cent of the British harvesters who went to the western grain fields this year are well satisfied with Canada and that they will stay in this country, is the opinion of one of the young Britishers, Michael Lampard, a Cambridge student, who called on the Hon. Manohad to complete his studies in England.

The Manohad carried on farming harvesters and they were all delighted with their "holiday" in Canada. On board were about 15 harvesters who have been "displaced from the country," questioned with regard to them. Mr. Lampard said that they were just chirkers, who thought that the world owed them a living.

Ellis Island Complaint

Hamilton, Ont.—Charges of inhuman treatment by United States immigration officers at Ellis Island, were made here by Mrs. H. M. Hendry, who has returned with her three-year-old daughter from Christchurch, Sweden. She complained of having to strip to the waist in a room with about a dozen other women, of the loss of her suitcase, and of having to stand in line for three hours on a very hot day as well as being treated roughly and inhumanly.

Work of Bad Boys

Sault Ste. Marie, Ont.—A riot the city \$200 last year to replace street lamps destroyed by mischievous boys.

European Market For Canadian Grain Now Reported To Be Poor

Another Earthquake In Japan

Violent Earth Tremors Around the City of Kure

Tokyo.—Another severe earthquake has occurred in Japan in the Hiroshima district. The earthquake was especially violent around the city of Kure. The extent of the damage has not been determined, as communications have been disrupted.

Kure is in the extreme southwestern end of the island of Honshu, and approximately 45 miles southwest of Tokyo. Floods have followed a typhoon in Fukuoka and Hiroshima, wards of Tokyo. Many have suffered as a result, as thousands of refugees were crunched in mud slides in these wards.

Australia Votes On Organic Church Union

Largest Presbyterian Assemblies Give Crushing Defeat to Plan

Toronto.—According to information received here the plan for organic church union has received "a crushing defeat" at the recent meetings of the state assembly of the Presbyterian Church in Australia, South Australia, West Australia and Victoria, which are the largest of the assemblies in Australia, rejected the amended basis of union and the union proposal, while New South Wales and Queensland voted in favor of the proposal, says the dispatch.

German Subs In Bay of Fundy

St. John, N.B.—That German submarines used to make the Bay of Fundy a rendezvous, where unobserved by allied submarines, they could clean and scrape their hulls and carry out minor repairs during the war, was the information given the Engineering Institute of Canada by E. G. Cameron, Chief Engineer of the St. John ship dock. In the course of a paper delivered at the session of the institution.

Good Yields of Wheat

Regina, Sask.—Some good yields of wheat are indicated in the latest reports received by the Saskatchewan Cooperative Elevator Company from crop correspondents in various parts of the province. In the majority of cases the bulk of the wheat is grading either No. 1 or No. 2 Northern.

Another Earthquake In Japan

Montreal.—The European market for Canadian grain is the poorest in years with little or no demand and with prices extremely weak, according to expert opinion here in close touch with the world market conditions. The situation is borne out by reports from the International Grain Statistical Bureau at Rome, which indicate that the world will this season have a considerable grain surplus over all needs. This, the experts point out, is automatically reflecting itself in the smaller demand and lower prices. What the ultimate effect of the condition will be upon the marketing of the Canadian crop has not yet been made known, but from advices received, no British markets by leading Montreal grain brokers it is clear that the whole marketing movement will not only be considerably slow, but that prices will not reach the high levels of other years.

"The trouble is that the world has grown too much grain this season," a local grain authority said.

Bienfait Plant Will Continue Operations

Next Three Months' Development May Justify Expenditure Made

Ottawa.—The prospecting plant at Bienfait, Sask., is to be continued in operation for the next three months, it was stated by Hon. J. G. Gardiner, Minister of Highway of the province, or Saskatchewan, who has been in consultation here with the Federal Department of the Interior with regard to the matter.

As the result of investigations carried on by engineers representing the two provinces, said Mr. Gardiner, it was hoped to be able to develop during the three-month period a piece of bridging which would justify the comparatively large expenditure already made.

Mother! Give Sick Child "California Fig Syrup"

Harmless Laxative for a Bilious, Constipated Baby or Child

Constipated, bilious, nervous, sick, colic babies and children love to take genuine "California Fig Syrup." No other laxative equalizes it. It sweetens the bowels so nicely, the mother finds it pleasant to give, and starts the liver and bowels acting without grunting. Contains no narcotics or anything drugs. Say "California" to your druggist and avoid counterfeits. In this genuine "California Fig Syrup" which contains directions.

Must Stamp Goods in English

Dublin.—In consequence of representations by the United States customs authorities, who point out the United States' Tariff Act requires imports to be marked in English, the Free State Government has notified Irish exporters to cease exporting goods, "brandy in Irish" and submit only the English equivalent, "brandy in Ireland."

Lloyd George Takes Exercise

London.—Lloyd George's visit to Canada is featured in newspaper articles describing the expenditure in training. They declare he walked five miles Sunday in an hour towards Highland and back to his bungalow at Chert. He has been doing the for weeks, and is said to be in wonderful physical form.

Ireland May Abolish Present Legal System

New Bill Makes Provision for One Criminal Court

Dublin.—The Dail Eireann unanimously passed the second reading of the Judiciary Bill which would abolish the existing legal system, which would be replaced by new district courts modeled after the lines of the courts set up by the first and second Dail. The high court judges would be reduced to nine and the district judges would number about one-half of those now active as county court judges. Under the bill there will be a criminal court in Dublin.

AROUND THE TOWN

For Market Report see page 1.

Dr. and Mrs. J. L. Clarke left on Wednesday for Edmonton where they will be visiting for a few days.

Communion services will be held in the Knox Presbyterian church, Didsbury at 11 a. m. and at Westcott at 2:30 p. m. on Sunday next.

Waiting next week home for an interesting article from Mr. D. C. Eby who is now in Africa doing missionary work.

The motion of the hospital which to acknowledge the receipt of vegetables from the School Fair, fruit and vegetables from the English Church, also the sum of \$22.50 from the sale of tape.

Mr. W. W. Peck of Vancouver, will speak in the Didsbury Opera House on Thursday evening, November 18 at 8 p. m. on the effects of prohibition on the government control of liquor.

Mrs. Lydia Mueller says she has been visiting friends at Three Hills for some time, returned on Saturday last to her home in Didsbury. Mrs. Mueller states that crops in the Three Hills district are splendid this year, even grain grown on stubble yielding 50 bushels to the acre.

At the Thanksgiving service held at Knox church on Sunday evening last, Rev. McNitt preached an interesting sermon on "Whoever a man soweth that shall he also reap." The choir, under the able leadership of Mr. J. Buchanan, also rendered several numbers and Miss L. Rock of Oke's favored the congregation with a splendid solo.

The many friends of Mr. and Mrs. Geo. Lunt will be sorry to learn that their little son, George Morris, died very suddenly at their home on Thursday night last. The little fellow who was hardly ten months of age was apparently in the best of health in the evening and was playing with his mother before going to bed but during the night he passed away. Heart trouble was given as the cause of death.

For Market Report see page 1.

CARD OF THANKS

Mr. and Mrs. Geo. Lunt wish to express their thanks to their neighbors and friends for the sympathy and assistance during their recent bereavement.

Mr. and Mrs. Geo. Lunt.

You Be the Judge

Prohibitionists are quite satisfied to let the fair-minded public decide who is guilty of misrepresentation, the "Wets" or the "Drys." We have no reason to be ashamed of our campaign methods. It is one thing to make bold statements, and quite another thing to back them up with reliable proof.

If you want the TRUE facts concerning present deplorable conditions in B. C. due to Government control, don't fail to hear W. W. Peck of Vancouver in the Opera House, Didsbury, on Thursday, Nov. 1st, at 8.00 p. m.

THE PROHIBITION COMMITTEE
